PLANHORSE

For use on Construction sites, in design and
drawing offices, in Engineering, Surveying,
Manufacturing and Utility Industries, and at
Property and Maintenance locations. Ideal for
handling plans, construction drawings, charts,
maps, posters, schematics, wiring plans and
Maintenance schedules etc.
The patented Planhorse clamp will hold from 1 to
100 sheets of paper, film or laminate without
crimping, creasing or slippage. The clamps can be
stored in a mobile trolley, on a wall rack, hanging
on a partition or as a single clamp for display
purposes. The mobile trolleys provide the
convenience of being able to move the system
within an office or to secure rooms overnight.
